

TOWN OF RADISSON - BYLAW 2023-17 WATER AND SEWER SERVICE LINES BYLAW

A BYLAW IN THE TOWN OF RADISSON TO PROVIDE FOR THE INSTALLATION AND MAINTENANCE OF PUBLIC UTILITY SERVICE LINES FOR THE SUPPLY, AND DISTRIBUTION OF WATER AND FOR THE TRANSMISSION, AND DISPOSAL OF SEWAGE.

1.0 Sewer Service Connection Lines

1.1 Definition: “sewer service connection” means a service connection that connects a building on a parcel of land to the Town sewage system;

1.2 Installation:

- The property owner is responsible for the cost of installation of the service line from the sewer main line to the residence.
- The property owner must have prior approval for line installation from the Town of Radisson and must utilize an approved contractor.
- The installation must be inspected and approved by the maintenance foreman prior to backfill.
- Repairs to sidewalks, streets and roads will be at the cost of the property owner but material, labour and equipment may be provided by the Town and billed to the property owner.

1.3 Maintenance & Repair:

- The property owner is responsible for the cost of maintenance or repair of the sewer service line from the sewer main line to the residence.
- The property owner would be responsible for contacting a contractor to attend to any blockages, breakages or collapses and the costs to repair the sewer service line.
- The Town of Radisson is responsible for blockages of the sewer main line.
- Property owners would be responsible for submitting contractor measurements, verified by the Maintenance Foreman, as to the location of blockage. If any question arose consideration for blockage due to tree roots may be given on the following basis:
 - a) Measurements provided by contractor as to location of tree roots encountered;
 - b) Contractor must use cutter head attachment to clear line;
 - c) Where there are trees on both Town property and homeowner’s property which are suspected of causing blockage, Town reimbursement will be at 50%.

WATER AND SEWER SERVICE LINES BYLAW NO. 2023-17

2.0 Water Service Connection Lines

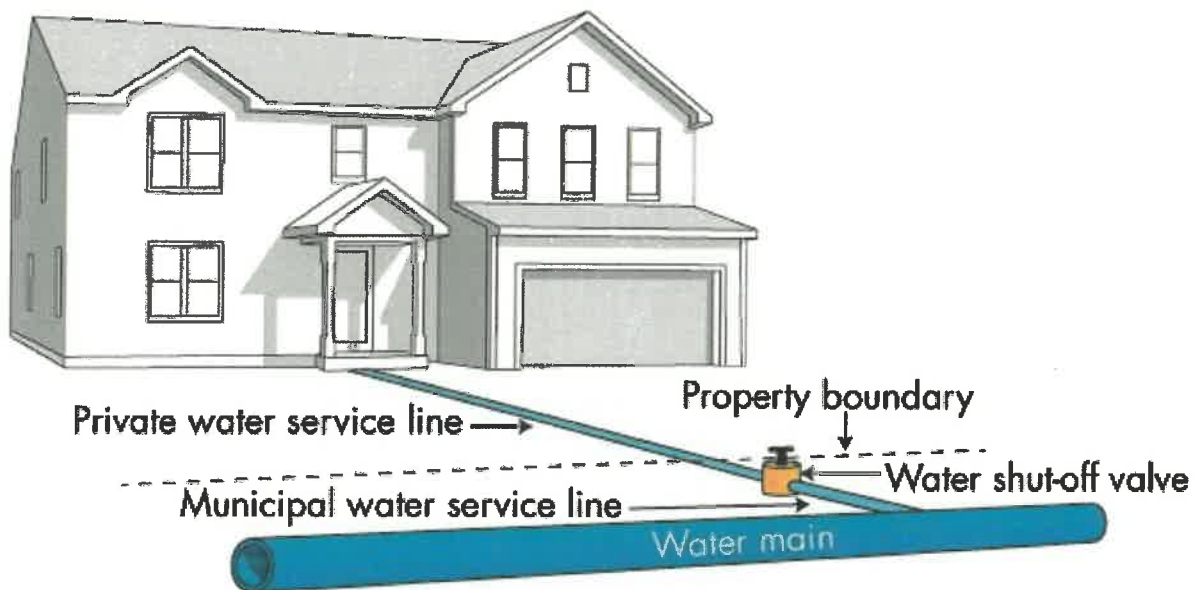

2.1 Definition: “water service connection line” means any water system or pipeline on a parcel of land through which water is conveyed from the Town waterworks system

2.2 Installation:

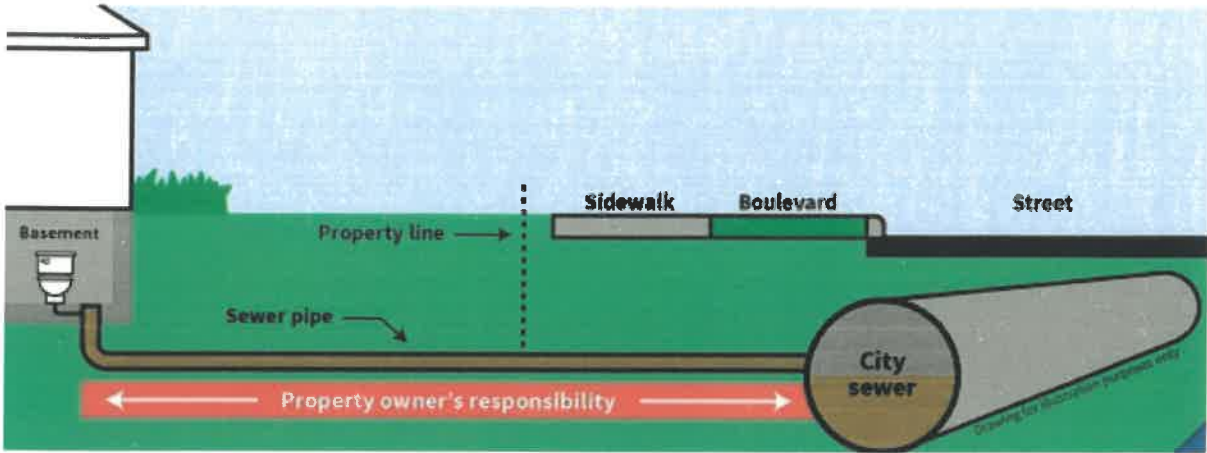

- The property owner is responsible for the cost of installation of the water service line from the water main line to the residence.
- The property owner must have prior approval for water line installation from the Town of Radisson and must utilize an approved contractor.
- The installation must be approved by the Maintenance Foreman prior to backfill.
- The Town will provide the curb stop or water shut off valve that is required to be installed at the edge of the front property line.
- Repairs to sidewalks, streets and roads will be at the cost of the property owner but material, labour and equipment may be provided by the Town and billed back to the property owner.

2.3 Maintenance & Repair:

- The property owner is responsible for the cost of maintenance or repair of the water service line from the curb stop, to the residence and all plumbing within the residence.
- The Town is responsible for the curb stop and the water service line from the curb stop to the water main line.
- The Town is responsible for the water meter inside the residence only – the attaching lines are the homeowner’s responsibility.
